FRENCH ARE MOVING ON

British Malt Drive to Fortify.

ACTIVE ON ALL FRONTS

Serious Fighting Is Occurring Both East and West.

London, July 5.—The two British official dispatches issued record little change in the situation on the British front.

They show that the Germans have brought up strong reinforcements from other parts of their line and are stubbornly contesting every yard of the British advance.

Torrential rains, however, hampered the offensive operations and the British action was confined mostly to consolidating the ground already won. The French have captured two more villages and are on good roads to Peronne. But there is yet no decrease in the violence of the German attacks in the Verdun region.

Dispatches indicate the realization that the central powers are losing the initiative, which their favorable position on the interior lines enabled them to hold throughout the long course of the war.

Profound Change Occurs.

Moreover, in commenting on the enormous resources in munitions and war material the entente allies have been able to pile up through the weary months of preparation, they equally realize that a profound change has occurred in the relations of the belligerents.

Simultaneously with the opening of the Anglo-French offensive the Russian armies again are attacking on the whole length of their front.

An entirely new offensive has been opened against Prince Leopold's Bavarian forces in the region of Baranovich, where the Russians have pierced the German lines at two places; while the Italians are maintaining strong pressure along their entire front.

The British newspapers consider these events prove that the moment of "the great squeeze" has at last arrived and not since the war began have hopes run so high.

Nevertheless almost every British correspondent on the western front warns against being over sanguine and daily reiterates that the progress must necessarily be slow and methodical.

Take Prisoners and Guns.

Up to the present the Anglo-French captures in the battle of the Somme total more than 14,000 prisoners, 12 heavy guns and 28 field guns.

The character of the battle was summed up best by one correspondent when he noted "the amazing change from trench-fighting warfare to that of an army in progress."

German prisoners are beginning to arrive in England, 1,500 being landed at Southampton.

Not merely twenty miles of the main operations, but the whole ninety miles of the British front are bearing their full share of the fighting.

"So well does the enemy know this," says Reuters' correspondent, "that he dare not transfer a single gun or man from any part of his defensive between the Yser and the Somme to try to stop the southern push. From the day the British bombardment began the knell of German initiative was sounded."

POWER MERGER PROPOSED

Wisconsin Company Would Combine Plants of Smaller Cities.

Madison, Wis., July 5.—Hearing on the application of the Wisconsin Power, Light and Heat company for a large stock and bond issue in connection with the proposed purchase of several small public utility properties was given by the state railroad commission.

Among the plants involved in the plan for the merger are those at Portage, Baraboo, Beaver Dam, Berlin, Omro, Horicon, Fox Lake and Cambria.

Lady Sybil Grey Wounded.

London, July 5.—Lady Sybil Grey, daughter of Earl Grey, formerly governor general of Canada, was seriously but not dangerously wounded while with the British Red Cross at the Russian front, says a Reuters dispatch from Petrograd. During hand grenade practice a grenade was thrown through a window shelter near where she was sitting and a splinter penetrated her left cheek and jaw.

URGES UNIVERSAL TRAINING

Former War Secretary Wright Suesak at Little Rock.

Little Rock, Ark., July 5.—Universal compulsory military service was urged by Luke E. Wright of Memphis, Tenn., former secretary of war, speaking here at a Fourth of July celebration which was featured by a "preparedness" parade in which 10,000 persons marched.

DANIELS TAKES RIOT OUT OF PATRIOTISM

Lewiston, Me., July 5.—The American youth of the future must be taught a patriotism without boasting, a love of country without Chauvinism or jingoism, reverence for the flag without a trace of brag or bluster, declared Josephus Daniels, secretary of the navy, speaking here at a Fourth of July celebration.

"The day has passed," he said, "when the spread eagle orator boasted in stentorian tones that Uncle Sam could whip anything in creation, but the day must never come when the American youth will not only glory in the victories of Putnam and Marion and Washington, or when we are not thrilled with enthusiasm when the victories of John Paul Jones, Perry and MacDonough are related."

America, said the speaker, is broadening its viewpoint and getting away from a parochial patriotism.

"Our parents and teachers," said he, "must point out that all wisdom will not die with us and that the virtues we esteem are found in every nation under every sky. Steam, electricity and wireless have made this a very small world indeed and travel has ended the provincialism, that sees only the good in one's own country."

FIGHTING IN OPEN FIELD

French Carry All German Fortified Positions.

London, July 5.—"Only German soldiers in open field formation now stand between the French and the river Somme," said Major General F. B. Maurice, referring to the part of the river which flows northward to the east of the sector along which the French have made their greatest gains.

"The last of the enemy's defensive works in that sector have been captured by our allies."

"The blow planned by the allied general staffs included offensives by the Russians and Italians," General Maurice continued.

"We are not disappointed with our own advance, which we expected to be slow, and we are enormously pleased with the wonderful progress made by the French who, with comparatively light losses, are sweeping forward to the Somme."

CANADIAN OFFICER DIES IN GERMAN CAMP.

Winnipeg, July 5.—Major Stanley L. Jones of the Princess Pats died a prisoner of the Germans on June 8, according to a telegram received from his wife, who is a nurse at the front and who was made a Lieutenant in the Red Cross by the French government in recognition of her services.

Mexico's Reply a Very Diplomatic Document and Satisfactory to the United States

Allied Offensive Enters the Second Phase with British and French Guns Clearing the Way

The Mexican Reply Reveals Diplomacy

(By United Press) Washington, July 5.—The pacific Mexican reply reveals a remarkable bit of unofficial diplomacy. There was a time slightly over a week ago when Gen. Carranza would have framed a defiant reply, but at that time the Mexican and American labor leaders started work with Samuel Gompers in the lead and they convinced Carranza that President Wilson was sincere in his intentions of keeping hands off Mexican territory, and finally saved the day.

Messenger Delivers Carranza's Reply

(By United Press) Washington, July 5.—The Mexican embassy delivered Carranza's reply this morning by messenger. It is 2,000 words long and is being translated from Spanish this afternoon.

Carranza's Answer Very Pacifactory

(By United Press) Washington, July 5.—Gen. Carranza's note answering the two communications from the United States is completely pacifactory and was delivered to the state department this morning. The reply in brief emphasizes the significance of the release of the American prisoners taken at Carrizal as indicative of Mexican friendliness, formally announces Mexico's willingness to mediate, leaving whether it shall be direct or through Latin-America entirely to the United States, and the embarrassment from having United States troops remaining on Mexican soil is emphasized but the demand for a withdrawal is not reiterated.

Issue Call for Bank Condition

(By United Press) Washington, July 5.—The controller of the currency has issued a call for a statement of the condition of all national banks at the close of business on June 30.

St. Paul, July 5.—A call has been issued for a statement of the condition of all state banks up to the close of business June 30.

Think Expedition Will be Recalled

(By United Press) Columbus, N. M., July 5.—The feeling is growing among military men that orders will soon be given to withdraw the United States expedition from Mexico.

Villa Again Located

El Paso, July 5.—Rumors that Villa has again been located are again current, this time they claim he is near Parrel.

BRITISH TROOPS PROGRESS

London, July 5.—The British troops further progressed in the heavy fighting last night between Amiens and Somme, as reported by Haig this afternoon.

U. S. is Willing Negotiate Carranza

(By United Press) Washington, July 5.—An official statement says that the United States is willing to continue negotiations with Carranza as proposed in the Mexican note, but it is not known yet whether mediation will be through Latin-America or direct, Secretary Lansing saying that the offers of Bolivia were recently rejected because Carranza's note had not then been received.

American Spy Caught in Act

(By United Press) Washington, July 5.—An official report says that an American spy was caught aboard a vessel carrying American troop dispositions to Mexico.

American Army Celebrates 4th

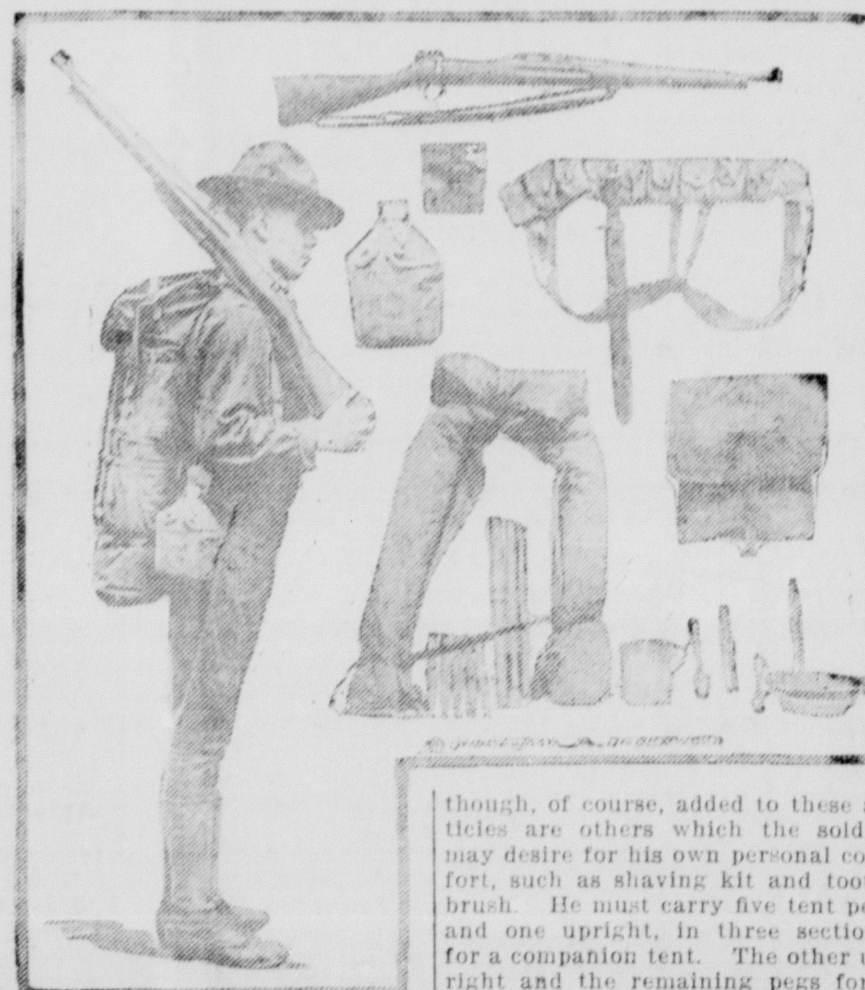

(By United Press) Army Headquarters, Mexico, July 5.—The American army have celebrated the second Fourth of July in Mexico, the first one being at Vera Cruz. Gen. Pershing ordered a camp holiday with marches, athletic sports and wrestling games.

Transport Ladened Runs into Typhoon

(By United Press) Washington, July 5.—The navy department has wireless all vessels in nearby waters to look out for the transport Monterey, carrying refugees from Mexico. The vessel wireless the last time that she was running into a typhoon.

Later—Transport Monterey reached Havana at 6 this morning.

What He Must Carry When He Goes to War

The regular or National Guard infantryman is furnished by the government with a variety of standardized equipment units weighing approximately thirty-three pounds. The entire kit is shown in this picture, though, of course, added to these articles are others which the soldier may desire for his own personal comfort, such as shaving kit and toothbrush. He must carry five tent pegs and one upright. In three sections, for a companion tent. The other upright and the remaining pegs for a double tent are carried by some other soldier. Each man carries one-half of a shelter tent, a blanket, one poncho, and a first aid package. Cavalrymen, artillerymen, and others carry various articles corresponding to the nature of their duties.

COLONEL DODD.

Becomes Brigadier General Under Army Reorganization Bill.

Under the army reorganization bill Colonel George A. Dodd, who led the first important charge on Mexican bandits, is promoted to brigadier general.

WILSON DEDICATES NEW LABOR TEMPLE

Washington, July 4.—President Wilson dedicated "to common counsel and a common understanding" a labor temple, erected here as the new home of the American Federation of Labor.

He told a large audience gathered at the dedicatory exercises that the greatest barrier to industrial peace had been the difficulty of insuring candid and dispassionate conference and that "getting our fighting blood up" was "the long way and not the short way" of securing rights.

Mr. Wilson's plea for calm counsel brought repeated applause from the crowd, who apparently interpreted it as having an indirect bearing on the Mexican crisis. The president, however, did not refer to Mexico or any other foreign country by name.

"The way we generally strive for rights," he said, "is by getting our fighting blood up and I venture to say that it is the long way and not the short."

"If you come at me with your fists doubled, I think I can promise you that mine will double as fast as yours."

GERMANS BEAT RUSSIANS

(By United Press) Berlin, July 5.—An official statement says that in a stubborn hand to hand conflict the Germans repulsed the Russians near Naranovitchi.

GERMANY RESPONSIBLE

London, July 5.—Viscount Bryce, former ambassador to the United States, threw back upon Germany the responsibility for continuing the world's war when addressing a luncheon.

PIONEERS PICK MINNEAPOLIS

Where 1917 Reunion of Milwaukee System Settlers Will Be Held.

Minneapolis, Minn., July 5.—Pioneer settlers of the Milwaukee railway system, in annual meeting here, selected Minneapolis for next year's meeting place. The Milwaukee Veterans' association will meet in Minneapolis at the same time. E. H. Barrett of Butte was elected president. Vice presidents in their order are: W. R. Lanning, St. Marys; E. A. Brantley, Lewistown; Edward O'Malley, Seattle; H. H. Tanner, Missoula; Edward Murray, Miles City; secretary and treasurer, E. H. Foster, Seattle, re-elected.

LEADERS IN STRIKE AND MINERS JAILED

Duluth, July 5.—Carlo Tresca, F. H. Little, Joseph Gilday, ringleaders of the I. W. W., and four striking miners are locked up in the St. Louis county jail here charged with murder. They were brought from the range on a special train by direction of County Attorney Green. The jailer telephoned Duluth police headquarters he feared I. W. W. sympathizers would attempt to rescue the prisoners. Chief McKercher rushed a strong force of police to the jail.

John Pasich, former mayor of Buhl, and a trustee of that village, was arrested at Hibbing. He had given utterance to this sentiment: "I regret that a few more deputies were not killed in the battle between strikers and officers at Biwabik."

Sheriff John R. Meining said he considers the principal trouble over.

GERMAN UNITS APPEAR

(By United Press)

British Headquarters in France, July 5.—German units from the Verdun front appeared in action against the British north of Somme, having been transferred on account of an all Canadian offensive.

CARRANZA NOTE DODGES ISSUES

Said Reply Does Not Meet Wilson's Demands.

FRIENDLY TONE IS NOTED

Ambassador Designate Has Document and Will Present It to Secretary Lansing—Further Negotiations Are Likely to Take Place.

Washington, July 5.—Washington learned with distinct relief that Carranza's note in reply to the two sharply worded messages from the United States would not be defiant. It is in the hands of Eliseo Aredondo, ambassador designate.

A verbal synopsis given out by the Mexican embassy indicated that it is unexpectedly and gratifyingly conciliatory.

As officials studied the published briefs, however, they found that, so far as has been indicated, the Carranza note lacks the vital pledges that the administration has hoped for.

It is indefinite. Friendly words, it is feared, are meant to take the place of substantial promises and assurances.

Only a close study of the reply will disclose whether it will be necessary to press General Carranza again to affirm or deny the hostile construction placed upon his orders that American troops be attacked if they moved in any direction except toward the border.

It is entirely possible that American officials will not fully share the optimistic views of the Mexican embassy when they are able to review the language of the Carranza note.

One fact stood out clearly in the minds of officials familiar with President Wilson's desires and purposes. If General Carranza sincerely desires to find a way for peaceful settlement of the differences between the two governments he will be met more than half way.

Cannot Withdraw Troops.

No proposal for immediate withdrawal of General Pershing's troops, however, would be entertained as a preliminary to a further exchange of views on joint operations against bandits.

Officials believe the language and general tone of the present Carranza note will have great weight with President Wilson in deciding upon a course. It is expected General Carranza will be required to make redress in some form for the discourteous tone of his previous communications if entirely amicable relations are to be resumed.

It is not known whether any mention is made of previous orders to General Trevino that American troops be attacked if they move east, south or west in Mexico.

Apparently the communication avoids the definite diplomatic statement in that regard sought by Secretary Lansing and substitutes an argument as to the general situation.

The war department continued without abatement its efforts to complete mobilization of the national guard army at the border.

Disposition of the national guard organizations will continue along the fully developed plan worked out by General Funston and which has the hearty approval of the army general staff.

Brainerd People and Those of Vicinity Enjoyed Safe and Sane Fourth at Lum Park

DANCING, BOATING, BAND MUSIC

Bathing, Fireworks, Picnicking, Program of Sports and Other Amusements During the Day

Brainerd spent a safe and sane Fourth by attending the opening of Lum park. The amusement place was crowded and it is estimated 2,500 people, local and from the vicinity, were present.

Picnic parties were so thick that they formed a continuous community. There was something to amuse and interest every one. The Brainerd City band paraded the down town district at 9 o'clock in the morning. At 10 o'clock the band concert commenced in the park and the band occupied the new band stand. Luncheon was served from 12 to 1:30 o'clock. The concert was resumed at 1:30 o'clock.

The program of races started at 2:30 o'clock. In the free for all race Ingberg Peterson scored first prize of \$1.50, Otto Kretschman second prize of \$1, and Gerald Enmark third prize of \$1.

In the small girls race Bertha Erickson won first prize of \$1.50, Marie Kramer second prize, \$1; Doris Kuehnichel third prize, 50c.

In the ladies race the first prize, a diamond ring valued at \$25, was won by Violet Fogelstrom; second prize of a laveliere, by Mrs. G. Small; third prize of shirt waist set, by Mrs. A. C. Weber.

Dancing in the pavilion attracted many. The hours were from 3 to 5:30, from 7:30 to 12 o'clock.

The winners of the prize one-step were E. H. Nelson and Miss Kate Bruhn. The winners of the prize waltz were Sig Sheffo and Mrs. Leo A. Rifenrath. The prizes awarded were donated by the Olympia Candy Kitchen.

At 9 o'clock the fireworks blazed forth, being shot into the lake. The band played its most patriotic music. Jitneys traveled all day and most of the night carrying people to the grounds and back, supplementing the work of the Lum park bus. One Ford jitney made 83 trips.

The lake was dotted with steamboats, launches, boats and canoes. The bath house was in constant use and many enjoyed the bathing. "Fatty" Woods gave an exhibition of swimming. "Billieann's" orchestra furnished the music for the dance.

It was a fine day, a much enjoyed occasion and Brainerd is proud to have this amusement park included in Brainerd's attractions. It will soon be the scene of the Community Picnic and the G. A. R. session July 13.

BAND CONCERT TONIGHT

Another Fine Program, a Patriotic Concert, is Promised Patrons by Director Bergh

Another band program is to be presented tonight, which could be termed a "patriotic concert." The program begins at 8 o'clock sharp. Hereafter if rain prevents a concert on Wednesday it takes place Thursday and if rain comes then look for the music on Friday.

Brainerd People and Those of Vicinity Enjoyed Safe and Sane Fourth at Lum Park

DANCING, BOATING, BAND MUSIC

Bathing, Fireworks, Picnicking, Program of Sports and Other Amusements During the Day

Brainerd spent a safe and sane Fourth by attending the opening of Lum park. The amusement place was crowded and it is estimated 2,500 people, local and from the vicinity, were present.

Picnic parties were so thick that they formed a continuous community. There was something to amuse and interest every one. The Brainerd City band paraded the down town district at 9 o'clock in the morning. At 10 o'clock the band concert commenced in the park and the band occupied the new band stand. Luncheon was served from 12 to 1:30 o'clock. The concert was resumed at 1:30 o'clock.

The program of races started at 2:30 o'clock. In the free for all race Ingberg Peterson scored first prize of \$1.50, Otto Kretschman second prize of \$1, and Gerald Enmark third prize of 50c.

In the small girls race Bertha Erickson won first prize of \$1.50, Marie Kramer second prize, \$1; Doris Kuehnle third prize, 50c.

In the ladies race the first prize, a diamond ring valued at \$25, was won by Violet Fogelstrom; second prize of a lavallere, by Mrs. G. Small; third prize of shirt waist set, by Mrs. A. C. Weber.

Dancing in the pavilion attracted many. The hours were from 3 to 5:30, from 7:30 to 12 o'clock.

The winners of the prize one-step were E. H. Nelson and Miss Kate Bruhn. The winners of the prize waltz were Sig Shello and Mrs. Leo A. Rifenrath. The prizes awarded were donated by the Olympia Candy Kitchen.

Last Saturday afternoon at Gilbert lake A. L. McDonald of the Brainerd Business College, caught two black bass weighing four and a half pounds, at one strike. Each of the fish weighed two and a quarter pounds and were caught on an artificial minnow.

John H. Ley, publisher of the Brainerd city directory, has completed his compilation of the city and left this afternoon for the range. Mr. Ley is assured of many new names in the local field. With his accuracy and conscientious research work, the public is guaranteed first class service.

Mr. and Mrs. F. R. Ziske spent Sunday fishing at Gull Lake, north of Brainerd. Mr. Ziske smashed the season's fishing records when he caught a Great Northern pike weighing 14 pounds and measuring over three feet in length. They also got a string of big pike. Little Falls Transcript.

Fire of unknown origin burned down a section of the main part of the residence of Mathias Woodley, 515 North Tenth street, on the Fourth of July. Mr. Woodley has his home rented and the tenant, Frank Day, was not at home at the time. The house, and the furniture of Mr. Day, carried insurance.

Chas. H. Dahl with his wife and daughter, are visiting friends in Brainerd. Mr. Dahl was formerly in the employ of the Northern Pacific here but moved to South Tacoma some nine years ago and this is his first visit since that time and he reviews with pleasure the many improvements in the city that come to his notice.

Little Falls defeated Brainerd 1 to 0 on the Fourth of July. The lone tally occurred in the last half of the eighth inning with two men out.

Brainerd played wonderful ball, and it was anybody's game to the very finish. The Little Falls lineup included Claude Rossman, formerly of the Detroit American League team; Pete Breier, formerly of the St. Paul association team; Jimmie Williams, captain of the Minneapolis team for several years, and other baseball celebrities.

The Brainerd team, however, gave them a hard fight and with Russ in the lineup would undoubtedly have topped the big end of the score. Brainerd out-hit Little Falls 7 hits, to their 5 hits, but were unfortunate in being unable to bunch them when hits meant runs.

Both Victor and Gourd pitched air tight ball, and received excellent support. The game was undoubtedly the fastest and closest game played in this section for many years.

Brainerd fans believed in Brainerd and placed their money on the home team, but they were good losers and expect to get it back July 16 when Little Falls plays at Brainerd. In hitting Cook and Benda featured, Cook getting 3 hits and Benda 2 hits, out of the 7 made by Brainerd.

MARINES RESTORE ORDER

Americans Continue Advance in Santo Domingo.

Washington, July 5.—Rear Admiral Caperton, commanding the American forces in Santo Domingo, reported to the navy department that order gradually is being restored in that republic, particularly in the country around Santiago and Puerto Plata, where the revolutionists have been strongest.

The advance of the American troops into that region, he said, continued without opposition, except from snipers and small revolutionary bands.

American Loan to China.

Shanghai, July 5.—The International Investment corporation, an American institution, has concluded an agreement with the Chinese government to loan China \$5,000,000 for the improvement of the Grand canal and funds for the construction of short railways in various parts of China aggregating 1,500 miles. Both works are to be constructed by American contractors.

LEAGUE PLANS TO EXPAND

Farmers' Organization May Cover Several States.

Grand Forks, N. D., July 5.—The Farmers' Nonpartisan league, which made such a clean sweep in North Dakota primaries, is preparing to organize in Minnesota, according to reports. It is known that several Grand Forks men have signed up as organizers and it was reported that farmers in vicinity of Hyland, Polk county, had agreed to join. It is reported the league plans to organize in Montana, South Dakota, Iowa and Illinois. In North Dakota, each farmer paid \$9 to join the league. Minnesota men may be asked to pay \$12.

Indiana Man's Experience

Frank Moseley, Moore's Hill, Ind., writes: "I was troubled with almost constant pains in my sides and back. Great relief was apparent after the first dose of Foley Kidney Pills and in 48 hours all pain left me." Foley Kidney Pills make kidneys active and healthful and stop sleep-disturbing bladder ailments. H. P. Dunn, druggist.—Adv. mwf

"IT WAS A REVELATION"

Assistant State Highway Engineer so
 Tells of the Recent Jefferson
 Highway Trip

The St. Paul Dispatch says of the
 recent review of the proposed routes
 through Minnesota:

Enthusiasm in automobile road
 work is running high in Northern
 Minnesota, according to J. H. Mullen,
 deputy state highway engineer, who
 returned yesterday from a 1,200-mile
 trip through Minnesota in inspecting
 routes proposed for the Jefferson
 highway. The inspection party of
 six, which left St. Paul June 25, was
 accompanied by an escort of not less
 than ten cars for the whole length of
 the trip, and at several towns as
 eighty-five cars formed an escort.

Good roads meetings were held at
 practically every village and city of
 importance, and most of them got
 out the bands and celebrated.

"It was a revelation," said Mr.
 Mullen, "to members who had seen
 little of their state, in the recreation
 possibilities of the state, the agricul-
 tural possibilities, and the variety of
 country. In the eastern sections we
 found absolutely untouched lakes
 surrounded with virgin timber, and
 in the western parts the highest de-
 velopment of everything, from agri-
 culture to summer resort lakes."

The Jefferson highway trail
 through Minnesota will be based on
 the results of the trip and decision
 will be made this month.

"One-fourth of the whole trail
 from Winnipeg to New Orleans is in
 Minnesota," Mr. Mullen pointed out;
 which should surprise Minnesotans.

"The big idea is this," said Mr.
 Mullen, "Minnesota has provided a
 system of state road construction and
 maintenance that is getting results
 wherever the state roads are desig-
 nated, and the counties are falling
 in line with real co-operation."

ELEVEN ACRES OF CANVAS

Visitors Plentiful in Brainerd on Cir-
 cus Day—Mr. Randolph Inter-
 viewed About Show

Visitors by the thousands to this
 city were promised today in the visit
 of J. M. Randolph, manager number
 one advance car of the Wheeler Bros.
 circus which will exhibit in Brainerd
 Wednesday, July 19th. Mr. Ran-
 dolph's mission here is to arrange for
 the excursions to this city from the
 surrounding territory circus day.

And evidently the visitors are to
 be plentiful. Special rates are be-
 ing sought by the traffic manager so
 that every one in the surrounding
 towns may come to Brainerd, com-
 bine their shopping with their visit
 to the circus and then return home
 at a moderate expense.

The excursions are to include a
 territory for a radius of about sixty
 miles. The trains are to arrive here
 in time for the visitors to see the
 parade of the circus, which comes at
 10:30 o'clock, July 19th, the morn-
 ing of the "big show."

"I believe that the visitors will be-
 lieve in combining business with
 pleasure," said Mr. Randolph today,
 "and I am therefore arranging the
 excursions so as to allow the visitors
 to spend as much time in the city as
 possible. Under the present plans
 they will not only have an oppor-
 tunity to see the circus but to attend
 to much business and shopping as
 well."

"And about that program. There's
 just about as wide a diversity as any-
 one could desire." And the prom-
 ises he made: Promises of herds of
 elephants, and one tiny baby ele-
 phant and its mother; of wonderful
 riders, aerialists, with an entirely
 new spectacle; Ernest Alber's 12 ter-
 rible Polar bears; cowboys and girls,
 acrobats, and Harvey Dunn, college
 athlete punching 14 bags at one time
 up-side-down; and forty clowns—

CITY COUNCIL

HAS MEETING

Contract Made With Tom Mansuras
 to Furnish Lum Park
 Current

MANY BILLS ARE ALLOWED

Much Street Repair Work Author-
 ized—S. E. Brainerd Sewers
 to be Repaired

The council met in regular session
 July 3, all being present except Pres-
 ident F. A. Farrar and Aldermen
 Koop and Morrison.

On motion of Aldermen Haake and
 Betzold, the city engineer was in-
 structed to give to the park board the
 lines on lots in St. Paul addition, be-
 ing lots 1 to 6, block 17, lots 1 to 6
 block 24 and lots 1 to 7 block 25.

The city engineer is to fill in at
 Hazel street and Crow Wing Ave., on
 motion of Aldermen Turcotte and
 Peterson.

To the street committee and city
 engineer was referred the repairing
 of Whiteley Ave., on motion of Al-
 dermen Anderson and Haake. The
 motion of Aldermen Betzold and
 Haake carried to leave to the same
 committee and engineer the fixing up
 of streets at the intersection of Tenth
 and Ivy.

Sewers are to be inspected and re-
 paired, located between Pine and
 Quince streets, Southeast Brainerd,
 following a motion made by Alder-
 men Peterson and Betzold.

The city engineer is to draw plans
 and make estimates for the lateral
 sewer in block 8, Simpson addition,
 on motion of Aldermen Peterson and
 Betzold.

A committee from the water and
 light board requested authorization
 for the entering into of a contract
 with Tom Mansuras for the furnish-
 ing of current for Lum park. On
 motion of Aldermen Anderson and
 Betzold, the request was granted.

In the contract made between Tom
 Mansuras and the water and light
 board, the board shall construct the
 necessary lines and install the equip-
 ment to furnish electric current to
 Mansuras at Lum park. The latter
 shall pay for the current so furnished
 at regular rates and in 1916, 1917
 and 1918 shall pay the board \$200
 per year, being \$40 on the execution
 of the contract, \$40 on the first days
 of July, August, September and Octo-
 ber 1916, respectively, and \$40 on the
 first days of June, July, Septem-
 ber and October respectively during
 1917 and 1918. These payments
 shall be considered the minimum
 charges for current during the years
 named. If not sufficient Mansuras
 shall pay such additional sums as
 may be necessary.

On motion of Aldermen Haake and
 Betzold, block 3 Smith addition is to
 be added to District No. 5 and the
 city attorney is to draw up an ordi-
 nance covering the same.

To the city attorney was referred
 the claim of Alden & Harris, archi-
 tects, for a balance of \$46.20 due on
 extra work at the city hall.

A petition to pass the necessary
 measures to abate the smoke nuis-
 ance from the use of coal, signed by
 a large number of citizens, was read
 and on motion by Aldermen Haake
 and Betzold the city attorney was in-
 structed to draw up a smoke ordi-
 nance.

The city clerk reported on the
 amount of warrants drawn in favor
 of street laborers to the extent of
 \$200, since the last meeting of the
 council with excess of \$4.51. On
 motion of Aldermen Anderson and
 Smith it was confirmed.

Primary election expenses incurred
 were ordered, bills from the various
 wards being presented.

On motion of Aldermen Turcotte
 and Smith an ordinance amending
 the dog license ordinance was tabled
 indefinitely.

In the canvass of votes for issuing
 \$45,000 sewer bonds, the results were
 certified as follows:

	For	Against
1st ward	70	65
2nd ward	138	122
3rd ward	42	130
4th ward	66	147
5th ward	99	154
	415	618

Bills allowed by the council in-
 cluded street force payroll \$204.51,
 city pay roll \$708.33, street force
 \$795.29, poor relief bills, George R.
 West feeding prisoners May and
 June \$42.66, W. H. Onstine assessing
 city of Brainerd real and personal
 \$700, George B. Wray Sanitary Sup-
 ply Co. \$45.55, James A. Smith an-
 nual premium bonds sinking fund
 commissioners \$15.

To the electric light committee was
 referred a bill of the water and light
 board for \$188.46. John Larson's
 bill of \$22.55 was referred to the
 finance committee.

There was also allowed the large
 list of routine bills, also board of

equalization bills \$9 per member of
 the board.

* BRAINERD'S ODDEST
STORY OF TODAY *

* Chester Darling, now assist-
 ant circulation manager of the
 Duluth News-Tribune and his
 friend, A. N. Brekke, of the
 Brainerd Tribune, were stand-
 ing on the shores of Whiteley
 creek, which, by the way, is
 now a rather pretentious creek,
 having been swelled by recent
 rains.

* Brekke bet Darling 15c he
 could not jump across, and Dar-
 ling, who has rather long legs,
 took a flying leap and made it by
 the skin of his teeth. Brekke
 had figured Darling and his new
 summer suit would land in the
 drink.

* As Brekke stood with his back
 to the water the ground sudden-
 ly crumbled under his feet and
 he plunged backward into the
 creek and then splashed out a
 sight to behold. He was christ-
 ened "Stick in the Mud" by
 Clarence Van Essen.

* "To think I lost 15c trying to
 get Darling soaked and fell in
 myself for nothing," said Brek-
 ke.

WEDNESDAY, JULY 5, 1916
IT WAS A REVELATION
Assistant State Highway Engineer so Tells of the Recent Jefferson Highway Trip

The St. Paul Dispatch says of the recent review of the proposed routes through Minnesota:
Enthusiasm in automobile road work is running high in Northern Minnesota, according to J. H. Mullen, deputy state highway engineer, who returned yesterday from a 1,200-mile trip through Minnesota in inspecting routes proposed for the Jefferson highway. The inspection party of six, which left St. Paul June 25, was accompanied by an escort of not less than ten cars for the whole length of the trip, and at several towns as eighty-five cars formed an escort.
Good roads meetings were held at practically every village and city of importance, and most of them got out the bands and celebrated.
"It was a revelation," said Mr. Mullen, "to members who had seen little of their state, in the recreation possibilities of the state, the agricultural possibilities, and the variety of country. In the eastern sections we found absolutely untouched lakes surrounded with virgin timber, and in the western parts the highest development of everything, from agriculture to summer resort lakes."
The Jefferson highway trail through Minnesota will be based on the results of the trip and decision will be made this month.
"One-fourth of the whole trail from Winnipeg to New Orleans is in Minnesota," Mr. Mullen pointed out, which should surprise Minnesotans.
"The big idea is this," said Mr. Mullen, "Minnesota has provided a system of state road construction and maintenance that is getting results wherever the state roads are designated, and the counties are falling in line with real co-operation."

Left Hand Salutes.
To salute with the left hand is a deadly insult to Mohammedans in the east.

WHEELER BROS. CIRCUS JULY 19

Advance Car No. 1 With J. M. Randolph in Charge Distributing Advertising Today
ELEVEN ACRES OF CANVAS
Visitors Plentiful in Brainerd on Circus Day—Mr. Randolph Interviewed About Show
Visitors by the thousands to this city were promised today in the visit of J. M. Randolph, manager number one advance car of the Wheeler Bros. circus which will exhibit in Brainerd Wednesday, July 19th. Mr. Randolph's mission here is to arrange for the excursions to this city from the surrounding territory circus day.
And evidently the visitors are to be plentiful. Special rates are being sought by the traffic manager so that every one in the surrounding towns may come to Brainerd, combine their shopping with their visit to the circus and then return home at a moderate expense.
The excursions are to include a territory for a radius of about sixty miles. The trains are to arrive here in time for the visitors to see the parade of the circus, which comes at 10:30 o'clock, July 19th, the morning of the "big show."
"I believe that the visitors will believe in combining business with pleasure," said Mr. Randolph today, "and I am therefore arranging the excursions so as to allow the visitors to spend as much time in the city as possible. Under the present plans they will not only have an opportunity to see the circus but to attend to much business and shopping as well."
"And about that program. There's just about as wide a diversity as anyone could desire." And the promises he made: Promises of herds of elephants, and one tiny baby elephant and its mother; of wonderful riders, acrobats, with an entirely new spectacle; Ernest Alber's 12 terrible Polar bears; cowboys and girls, acrobats, and Harvey Dunn, college athlete punching 14 bags at one time up-side-down; and forty clowns—count 'em if you want to: of the Powell troupe, Wicket family, six in number, all riders; the Jenners—but you haven't time to listen, you wouldn't—"and remember this," said Mr. Randolph, as he went through the long list, "everything I promise will come true. Why, man, we're carrying 11 acres of canvas this year just to cover this aggregation of acts. Bands plenty."

MRS. J. C. BARBER PASSED AWAY

Heart Disease was the Cause of Her Demise, Being Called on Monday Evening

FUNERAL AT FOND DU LAC, WIS

Had Spent the Last Twenty Summers Near Brainerd at "Twin Oaks" Country Estate

Mrs. Fannie Barber, aged 68, wife of J. C. Barber, passed away at a local hospital on Monday evening, death being due to heart disease. She had been at the hospital about a week.

Mrs. Barber was formerly Miss Fannie Craig. She was born Sept. 23, 1848, in LeRoy, N. Y. She was married at Fond du Lac, Wis., in 1867, the city where she spent her girlhood. A husband and three children survive her, being J. C. Barber, two sons, Frank L. Barber and Lee W. Barber and one daughter, Mrs. Anna B. Edgerton of Chicago. She leaves four grandchildren.

Mr. Barber is the inventor and manufacturer of a car truck in use on all the railways of the United States. He is widely known throughout the country. At Chicago he maintained offices and his home, but his summer home was at the beautiful country estate he established at Nokay Lake known as "Twin Oaks."

In its establishment and maintenance Mrs. Barber took especial pride. She delighted to assist her husband in increasing the attractiveness of the place, which is situated on the lake and which is entered by roadways established by Mr. Barber.

The last twenty years Mrs. Barber had regularly spent at "Twin Oaks" and she loved its broad, spreading trees, beautiful lawns, the friendly associations there, and it was at this estate where Mr. and Mrs. Barber entertained many of their friends.

So hospitable were Mr. and Mrs. Barber that on the occasion of the entry of the Jefferson Highway commission they had prepared a barbecue for the entertainment of the visitors.

Mr. Barber did untold good in building up the countryside about "Twin Oaks" and in this he was ably assisted by his wife. The residence and the various buildings constituting the estate were built by the farmers and mechanics residing near the place. Men were given object lessons in good farming, they were shown by example the results attained by superior methods of farming, they were shown the benefits accruing from buying the best herds and horses.

And no name is more honored and revered than Mrs. Barber, the efficient helpmeet, the loving wife, the kind friend, the neighbor who always assisted the needy in distress.

Nokay Lake, Brainerd, the whole county mourns her loss.

The funeral is to be held Saturday at Fond du Lac, Wis.

The remains may be viewed at the chapel of D. M. Clark & Co. They will be transferred to Fond du Lac on the Thursday afternoon train.

Hines-Lasher

Lawrence Hines and Lillie Lasher of Woodrow, were united in the bonds of holy matrimony this morning in the clerk of court's office. Rev. G. Phil Sheridan of the First Congregational church, officiating. The witnesses to the ceremony were Charlie Lasher, brother of the bride, and Miss Annie Luhrs.

JEFFERSON HIGHWAY DAY IN BRAINERD

People are Still Speaking about the United Effort by County and City to Secure Highway

EASTERN ROUTE IS CHAMPIONED

Trip on the Cuyuna Iron Range Impresses J. D. Clarkson, Community Work Described

Saturday was a big day in Crow Wing County, and one might well say, FOR the county. Now that the day is over and calm reflection is possible, it looks like even a bigger and a better day. People are still speaking about it and it is well that they should, neither can it be readily forgotten. Also, the suspense remains until we hear the announcement as to which route has been chosen as the official highway.

Many may still wonder what the noise and commotion was all about, or what we may have done that so suddenly brought us in the lime-light and who it was that did it. The noise, as everyone knows, was about the Jefferson Highway, which is to be a specially maintained, natural road from the Gulf of Mexico on the south to the Canadian border on the north. There was a contest first between the states that should be traversed, and in some states there was a contest as to specific routes. So it happened that Crow Wing County became a contestant, even though situated on the most direct course, resplendent in natural scenery and possessing many points of historical value. These competing routes were, therefore, officially examined as to their merits by having an inspection which took all of last week and was everywhere conducted locally with much ceremony. That's what the noise was all about.

What we did leading up to this event is a long story because the agitation has been going on for a year. The Brainerd Chamber of Commerce has been conducting a definite campaign during that time. A Jefferson Highway committee was steering the matter, the Good Roads and Automobile committees were in constant attendance on the route and kept up and created interest in the various communities affected. Individuals, too numerous to mention, were constantly expounding our cause. Everywhere along the route enthusiasm reigned. The day of the inspection about 200 people in automobiles left Brainerd at 7:30 a. m. and rode twenty-six miles to greet the inspection party. At St. Albans, on Millie Lakes lake, the Brainerd party waited patiently until the delayed officials arrived. Hastily then was the change made from one set of autos to another, like changing posthorses centuries ago, and at 1 o'clock p. m. the entire party wound its way along the beautiful shores of Millie Lakes and Borden lakes and sped on rapidly to Brainerd. The wild-flowers were out in fullest profusion to decorate the route, and the clover lent the perfume which was everywhere noticeable. Conditions were perfect, the roads were in their customary excellent condition, enabling the time of travel of but one hour. Indeed everything was present to substantiate all we had claimed for our route; our arrangements were perfect and were carried out without mishap.

The entry into Brainerd was most inspiring. Some cars were trailing in the rear but others were on the sidelines when the party arrived. Flags and bunting were up in profusion and the Brainerd Band rendered its usually animated selections. It was like coming home from a victory.

After lunch, post-horses were changed again and the party was taken to view Deerwood, Ironton and Crosby, and surrounding mines. The roads were like one vast smooth sheet; the bordering hardwoods and beautiful Crooked Lake and Bay Lake were the cause of much exaltation, naturally so, only we are getting too accustomed to seeing them. The prosperous and neat towns with their attractive and commodious hotels, and their marvellous and rapid development could nought but inspire, and any fears that our county might be unable to take care of its portion of the highway was once and for all dispelled when the mines loomed up in the foreground. It is impossible to believe that nature meant it otherwise than that Crow Wing county was intended to be on the Jefferson highway.

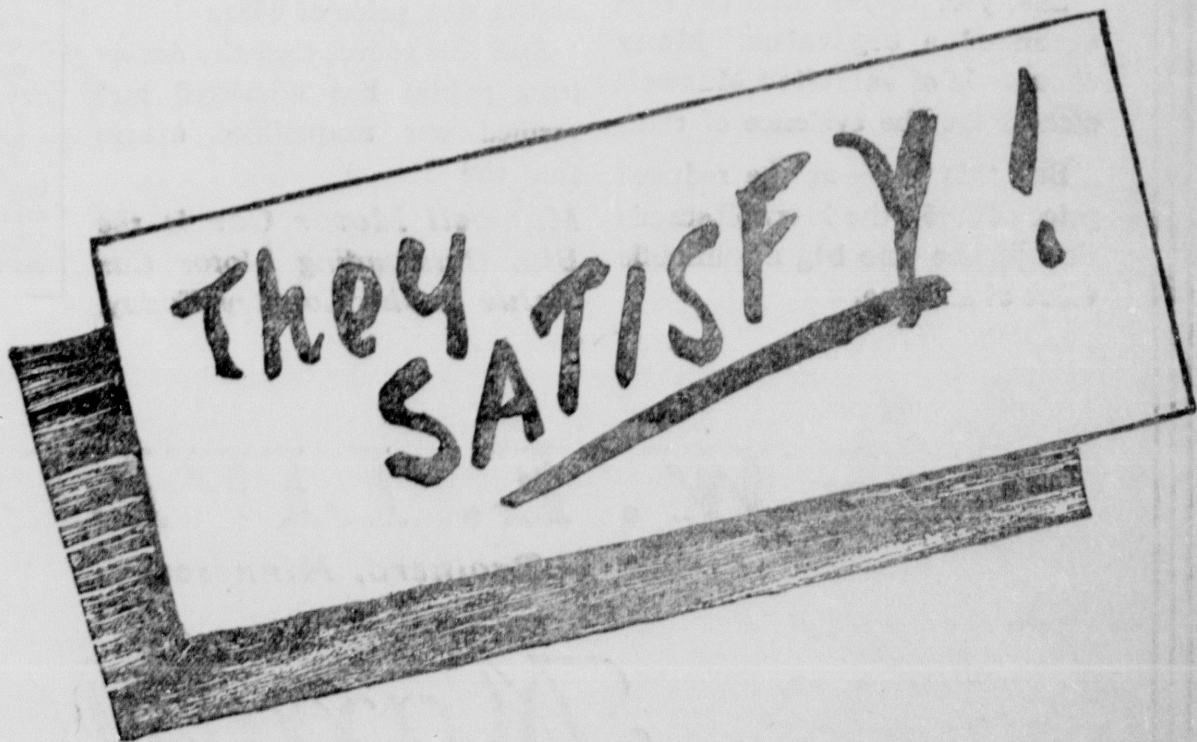

J. D. Clarkson made his inspection tour of the iron range country in company with Carl Zapffe, chairman of the public affairs committee. The Dispatch reporter gleaned the following information from a discourse with Mr. Zapffe. Mr. Clarkson was greatly impressed with the marvelous development that has occurred in so short a time, which has transformed a backward district into such a lively and important one. He inquired as to numerous details regarding our county, such as its lands, taxable resources, assessed valuations, taxation of iron ore, road and bridge fund, geology pertaining to iron ore and to glacial deposits; the use of lean iron-bearing formation as road metal. He inquired indirectly at first as to our community spirit and was most favorably impressed with the work being done through our agricultural agent, our farmers' clubs, community planters, community rest-room, community Christmas tree, community dandelion-bee, in fact, it seems that Mr. Clarkson's middle name must itself be "Community."

Mr. Zapffe states that it was a rapid fire conversation that continued throughout the trip even though they traversed the road at a high speed.

It is evident that Mr. Clarkson's investigation takes into account many things outside of whether a district merely had a good and smooth road to ride upon. A man of such temperament and mind could hardly than otherwise have been impressed with the idea that Crow Wing county must be taken into account most seriously because we managed our affairs according to a system and carried them out against all odds with enthusiasm and unanimity of purpose. It is also fortunate that Mr. Zapffe should have found it convenient to spare the time to make the trip for he is so thoroughly familiar with the entire situation that Mr. Clarkson wanted to learn about and can give an interesting inquirer all the information needed in a manner which is influential and inspiring of confidence as to authoritativeness.

MRS. J. C. BARBER PASSED AWAY

Heart Disease was the Cause of Her Demise, Being Called on Monday Evening

FUNERAL AT FOND DU LAC, WIS

Had Spent the Last Twenty Summers Near Brainerd at "Twin Oaks" Country Estate

Mrs. Fannie Barber, aged 68, wife of J. C. Barber, passed away at a local hospital on Monday evening, death being due to heart disease. She had been at the hospital about a week.

Mrs. Barber was formerly Miss Fannie Craig. She was born Sept. 23, 1848, in LeRoy, N. Y. She was married at Fond du Lac, Wis., in 1867, the city where she spent her girlhood. A husband and three children survive her, being J. C. Barber, two sons, Frank L. Barber and Lee W. Barber and one daughter, Mrs. Anna B. Edgerton of Chicago. She leaves four grandchildren.

Mr. Barber is the inventor and manufacturer of a car truck in use on all the railways of the United States. He is widely known throughout the country. At Chicago he maintained offices and his home, but his summer home was at the beautiful country estate he established at Nokai Lake known as "Twin Oaks."

In its establishment and maintenance Mrs. Barber took especial pride. She delighted to assist her husband in increasing the attractiveness of the place, which is situated on the lake and which is entered by roadways established by Mr. Barber.

The last twenty years Mrs. Barber had regularly spent at "Twin Oaks" and she loved its broad, spreading trees, beautiful lawns, the friendly associations there, and it was at this estate where Mr. and Mrs. Barber entertained many of their friends.

So hospitable were Mr. and Mrs. Barber that on the occasion of the entry of the Jefferson Highway commission they had prepared a barbecue for the entertainment of the visitors.

Mr. Barber did untold good in building up the countryside about "Twin Oaks" and in this he was ably assisted by his wife. The residence and the various buildings constituting the estate were built by the farmers and mechanics residing near the place. Men were given object lessons in good farming, they were shown by example the results attained by superior methods of farming, they were shown the benefits accruing from buying the best seeds and horses.

And no name is more honored and revered than Mrs. Barber, the efficient helpmeet, the loving wife, the kind friend, the neighbor who always assisted the needy in distress.

Nokai Lake, Brainerd, the whole county mourns her loss.

The funeral is to be held Saturday at Fond du Lac, Wis.

The remains may be viewed at the chapel of D. M. Clark & Co. They will be transferred to Fond du Lac on the Thursday afternoon train.

Hines-Lasher

Lawrence Hines and Lillie Lasher of Woodrow, were united in the bonds of holy matrimony this morning in the clerk of court's office, Rev. G. Phil Sheridan of the First Congregational church, officiating. The witnesses to the ceremony were Charlie Lasher, brother of the bride, and Miss Annie Luhrs.

JEFFERSON HIGHWAY DAY IN BRAINERD

People are Still Speaking about the United Effort by County and City to Secure Highway

EASTERN ROUTE IS CHAMPIONED

Trip on the Cuyuna Iron Range Impresses J. D. Clarkson, Community Work Described

HUGHES CALLED UPON TO SPEAK

Presidential Nominee Attends Village Celebration.

NATION MUST DEFEND HONOR

Candidate Asserts America Needs Above All Other Things an Intelligent Comprehension of the Ideals of Democracy.

Bridgehampton, N. Y., July 5.—Charles E. Hughes, speaking at the nearby village of Easthampton, told a Fourth of July audience what Amer-

ica needs above all other things is an intelligent comprehension of the ideals of democracy.

He asserted the nation needs more than thrills in its patriotism and said his dream of America is of a country offered by its best men actuated by no thought of self. He devoutly hoped the nominee declared for a new birth of the sentiment of unity from the country's present perils.

"We are not a rash people," he said. "We are not filled with a spirit of militarism. We are not anxious to get into trouble, but if anybody thinks the spirit of service and sacrifice is lost and that we have not got the old sentiment of self-respect, he doesn't understand the United States."

Mr. Hughes motored over from his summer home here to review the village preparedness parade and had not intended to address the crowd.

Long on Silence; Short on Talk.

"I have been long on silence and very short on talk," he said. "It is an old experience that I am, through, picking up the threads of our relations. I think I have lived at least five years in the last three weeks."

"It is because we had men who were willing to suffer, to die, to venture and to sacrifice that we have this country, and it is only by that spirit that we will ever be able to keep a country."

"Quiet men, not noisy men; sensible men, not foolish men; straight men, honest men, dependable men, real men—that is what we mean by Americanism. There is a vast amount of good judgment in this country, much more than the headlines of our newspapers seem to indicate."

"We want patriotism and I don't think we are going to lose it very soon, although I do devoutly hope out of the perils and differences of this time may come a new birth of the sentiment of unity. I do hope that in the midst of all these troublesome conditions we have a better realization of our national strength and of the import of our democratic institutions."

NATION CELEBRATES ITS SANEST FOURTH

Chicago, July 5.—Eight deaths and 190 injuries from Fourth of July celebrations throughout the country are the toll of the Fourth, according to figures compiled by the Chicago Tribune. Last year 180 persons were killed and 763 injured.

Comparison made with this year's figures indicate the "same Fourth" propaganda has reduced fatalities almost to a minimum.

Fire losses due to Fourth of July celebrations this year, according to the same source of information, were almost negligible. San Francisco had the greatest number of fires, thirteen in all, with small damage reported. At Toledo, O., a \$5,000 fire loss was the greatest reported.

From Worcester, Mass., came reports of the heaviest death toll, two persons having been killed there.

Prince Albert gives smokers such delight, because

- its flavor is so different and so delightfully good;
- it can't bite your tongue;
- it can't parch your throat;
- you can smoke it as long and as hard as you like without any comeback but real tobacco happiness!

On the reverse side of every Prince Albert package you will read:

"PROCESS PATENTED JULY 30th, 1907"

That means to you a lot of tobacco enjoyment. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

PRINCE ALBERT

the national joy smoke

YOU'LL find a cheery howdy do on top no matter how much of a stranger you are in the neck of the woods you drop into. For, Prince Albert is right there—at the first place you pass that sells tobacco! The toppy red bag sells for a nickel and the tidy red tin for a dime, then there's the hand-some pound and half-pound tin humidor and the pound crystal glass humidor with spruce-mustard paper that keeps the tobacco in such hang-up trim all the time!

in goodness and in pipe satisfaction is all we or its enthusiastic friends ever claimed for it!

It answers every smoke desire you or any other man ever had! It is so cool and fragrant and appealing to your smokeappetite that you will get chummy with it in a mighty short time!

Will you invest 5c or 10c to prove out our say—so on the national joy smoke?

\$595

Maxwell

THE SAME CAR FOR LESS MONEY

BEAR in mind that the Maxwell car has not been changed.

It is standardized. It will not be changed except in minor respects—where we see opportunities from time to time to make refinements and additional improvements.

The new price of \$595 is only made possible by our greatly increased production and the fact that we specialize in *only one automobile*.

Every Maxwell car is identically the same as every other Maxwell car.

Last year the Maxwell car represented a big value. Many thousands of satisfied Maxwell owners are the evidence of that.

But this year—at the reduced price of \$595—the Maxwell stands out as the one big automobile value of all time.

Nothing like it has ever been offered for the money.

Just consider, complete electrical equipment for starting and lighting; speedometer; demountable rims; one-man top; rain-vision windshield;—and every other device for the comfort and convenience of the owner.

Every thing that the expensive cars have. And good looks, comfort and economy of operation—that some of the others haven't.

There has been a nation-wide demand for Maxwell cars at the former price; there will be an overwhelming demand for these cars at the new price of \$595.

And this proves that the American public has admitted and verified our unqualified claim that the

Maxwell Motor Car is the Big, Outstanding Motor Car Value in the Country Today.

WHAT THE MAXWELL PRICE INCLUDES

Long-stroke, high speed, four-cylinder motor; 5 to 50 miles on high gear 20 to 25 miles to the gallon of gasoline (average).

Irreversible steering gear automatic motor lubrication by splash and pump; 500 to 1,000 miles per gallon of oil.

Thermo-syphon cooling.

A running-in oil clutch, so smooth as to make the driving of a novice as free from gear-clashing and from sudden jerks as that of a seasoned driver.

Tall, narrow, racing type Maxwell-made radiator.

Maxwell-made axle—1-beam front and semi-floating rear; highest quality heat-treated alloyed steel.

Gasoline tank in cowl; short, accessible gas line to carburetor.

Maxwell-made stream-line body, well finished in every detail. Deep, comfortable upholstery.

30 x 3 1/2 tires all around, non-skid on rear; average life 8,000 to 10,000 miles. Demountable rims.

Tire carrier at rear, with extra rim.

Substantial, Maxwell-made crowned fenders and linoleum-covered running boards.

Electric starter, electric lights, electric horn.

High-Tension Magneto, an independent source of ignition.

One-man Top with quick-adjustable curtains—storm proof.

Rain-vision, adjustable, ventilating windshield.

High grade speedometer.

The Maxwell Touring Car is a full five-passenger car. Every Maxwell model seats comfortably the number of passengers which it is rated to carry.

Compare these Maxwell features with those of cars selling at higher prices.

SUFFRAGIST HALTS WILSON

Interrupts Speech by Asking Why He Opposes Movement.

Washington, July 5.—While President Wilson was delivering a dedicatory temple here, Miss Mabel Vernon, a member of the New Woman's party, created a stir by interrupting with a loudly voiced demand to know why the president had tried to block the suffrage movement.

Dedication of the new home of the American Federation of Labor with President Wilson, members of the cabinet, and prominent labor leaders participating, featured the celebration of Independence day here. The exercises were preceded by a labor parade, with thousands of organized workers in line.

LEMMON MAYOR RECALLED

Head of South Dakota City Defeated by Thirteen Votes.

Leimon, S. D., July 5.—At a retail election Mayor B. R. Watt was defeated by Leo Gilman by thirteen votes. The opposition to Watt, it is said, arose from a dispute as to who should manage the municipal saloon.

The Seven Sleepers.

The seven sleepers of Ephesus, a favorite subject in medieval art, were seven Christians who to escape the persecution of Decius concealed themselves in a cave whose mouth was closed by their enemies. The cave was rediscovered 200 years afterward, when the sleepers awoke youthful and in perfect health.

BACKACHE IS DISCOURAGING

But Not so Bad if You Know How to Reach the Cause

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys. Brainerd people recommend Doan's Kidney Pills. Read this case:

Mrs. Caroline Sundberg, 1504 E. Pine St., Brainerd, says: "I suffered for several years from backache. I was uncomfortable while I was doing my work and often I couldn't sleep well. I was distressed by dizzy spells and after I stood for awhile, my feet swelled. The doctor said I had kidney trouble, but failed to help me. Doan's Kidney Pills, procured at H. P. Dunn's Drug Store, removed the pains in my back and I felt stronger and more able to do my work." (Statement given August 31st, 1908)

OVER FIVE YEARS LATER, Mrs. Sundberg said: "The benefit Doan's Kidney Pills gave me from backache and other kidney trouble has been permanent."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Sundberg has twice publicly recommended. Foster-Milburn Co., Props. Buffalo, N. Y.—Adv.

Many Women Need Help

Women are as much inclined to kidney trouble as are men, but too often make the mistake of thinking that a certain amount of pain and torture is their lot and cannot be avoided. HUGHES CALLED UPON TO SPEAK

Presidential Nominee Attends
Village Celebration.

NATION MUST DEFEND HONOR

Candidate Asserts America Needs
Above All Other Things an Intelli-
gent Comprehension of the Ideals of
Democracy.

Bridgehampton, N. Y., July 5.—
Charles E. Hughes, speaking at the
nearby village of Easthampton, told a
Fourth of July audience what Ameri-

ca needs above all other things is an
intelligent comprehension of the ideals
of democracy.

He asserted the nation needs more
than thrills in its patriotism and said
his dream of America is of a country
offered by its best men actuated by
no thought of self. He devoutly hoped
the nominee declared, for a new birth
of the sentiment of unity from the
country's present perils.

"We are not a rash people," he said.
"We are not filled with a spirit of im-
pulsiveness. We are not anxious to get
into trouble, but if anybody thinks
the spirit of service and sacrifice is
lost and that we have not got the old
sentiment of self-respect, he doesn't
understand the United States."

Mr. Hughes motored over from his
summer home here to review the vil-
lage preparedness parade and had not
intended to address the crowd.

Long on Silence; Short on Talk.

"I have been long on silence and
very short on talk," he said. "It is an
old experience that I am."

through, picking up the threads of our
relations. I think I have lived at
least five years in the last three
weeks.

"It is because we had men who were
willing to suffer, to die, to venture
and to sacrifice that we have the
country, and it is only by that spirit
that we will ever be able to keep a
country."

"Quiet men, not noisy men; sensible
men, not foolish men; straight men,
honest men, dependable men, real men
—that is what we mean by American-
ism. There is a vast amount of good
judgment in this country, much more
than the headlines of our newspapers
seem to indicate."

"We want patriotism and I don't
think we are going to lose it very
soon, although I do devoutly hope out
of the perils and differences of this
time may come a new birth of the
sentiment of unity. I do hope that in
the midst of all these troublesome
conditions we have a better realization
of our national strength and of the
importance of our democratic institutions."

Chicago, July 5.—Eight deaths and
196 injuries from Fourth of July cele-
brations throughout the country are
the toll of the Fourth, according to
figures compiled by the Chicago Tri-
bune. Last year the persons were
killed and 963 injured.

Comparison made with this year's
figures indicate the "sans Fourth"
propaganda has reduced fatalities al-
most to a minimum.

Fire losses due to Fourth of July
celebrations this year, according to
the same source of information, were
almost negligible. San Francisco had
the greatest number of fires, thirteen
in all, with small damage reported.

At Toledo, O., a \$5,000 fire loss was
the greatest reported.

From Worcester, Mass., came re-
ports of the heaviest death toll, two
persons having been killed there.

Prince Albert gives smokers such delight, because

—its flavor is so different and so
delightfully good;
—it can't bite your tongue;
—it can't parch your throat;
—you can smoke it as long and
as hard as you like without any
comeback but *real* tobacco hap-
piness!

On the reverse side of every Prince
Albert package you will read:

"PROCESS PATENTED
JULY 30th, 1907"

That means to you a lot of tobacco en-
joyment. Prince Albert has always been
sold without coupons or premiums. We
prefer to give quality!

PRINCE ALBERT

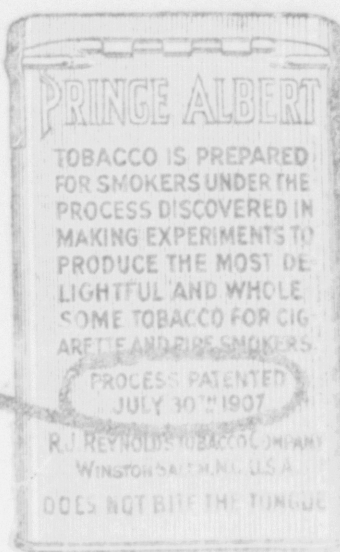

the national joy smoke

in goodness and
in pipe satisfaction
is all we or its enthusi-
astic friends ever claimed
for it!

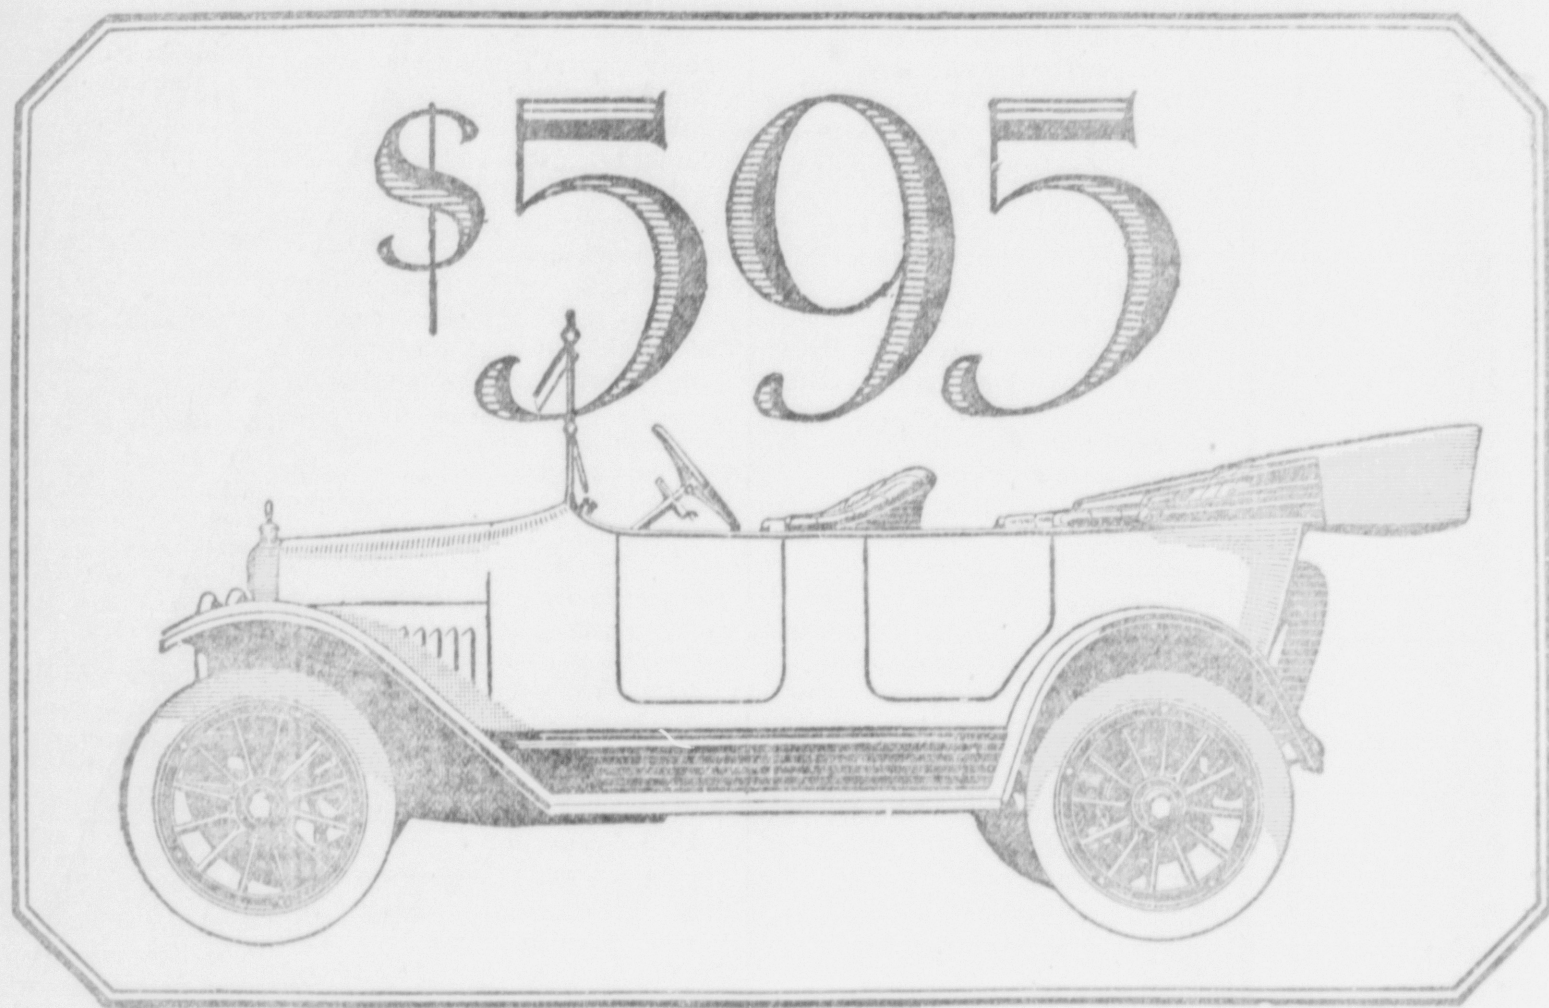

It answers every smoke desire you
or any other man ever had! It is so
cool and fragrant and appealing to your
smokeappetite that you will get chummy with
it in a mighty short time!

Will you invest 5c or 10c to prove out our say-
so on the national joy smoke?

to pipe smokers.

Maxwell

THE SAME CAR FOR LESS MONEY

BEAR in mind that the Maxwell
car has not been changed.

It is standardized. It will not
be changed except in minor
respects—where we see oppor-
tunities from time to time to
make refinements and additional
improvements.

The new price of \$595 is only
made possible by our greatly
increased production and the fact
that we specialize in *only one*
automobile.

Every Maxwell car is identically
the same as every other Maxwell
car.

Last year the Maxwell car rep-
resented a big value. Many
thousands of satisfied Maxwell
owners are the evidence of that.

But this year—at the reduced
price of \$595—the Maxwell stands
out as the one big automobile
value of all time.

Nothing like it has ever been
offered for the money.

Just consider, complete electri-
cal equipment for starting and
lighting; speedometer; demount-
able rims; one-man top; rain-
vision windshield;—and every
other device for the comfort and
convenience of the owner.

Every thing that the expensive
cars have. And good looks, com-
fort and economy of operation—
that some of the others haven't.

There has been a nation-wide
demand for Maxwell cars at the
former price; there will be an over-
whelming demand for these cars
at the new price of \$595.

And this proves that the Amer-
ican public has admitted and
verified our unqualified claim
that the

*Maxwell Motor Car is the
Big, Outstanding Motor Car
Value in the Country Today.*

WHAT THE MAXWELL PRICE INCLUDES

Long-stroke, high speed, four-cylinder motor;
5 to 20 miles on high gear; 20 to 25 miles to the
gallon of gasoline (average).
Invertible steering gear; automatic motor
lubrication by splash and pump; 500 to 1,000 miles
per gallon of oil.
Thermo-syphon cooling.
A running-in oil clutch, so smooth as to make
the driving of a novice as free from gear-clashing
and from sudden jerks as that of a seasoned driver.
Tall, narrow, racing type Maxwell-made radiator.
Maxwell-made axle—1-beam front and semi-
floating rear; highest quality bent-treated alloyed
steel.
Gasoline tank in cowl; short, accessible gas line
to carburetor.
Maxwell-made stream-line body, well finished
in every detail. Deep, comfortable upholstery.
30 x 2 1/4 tires all around, non-skid on rear;
average life 8,000 to 10,000 miles. Demountable
rims.
Tire carrier at rear, with extra rim.
Substantial, Maxwell-made crowned fenders and
bullet-proof running boards.
Electric starter, electric lights, electric horn.
High-Tension Magneto, an independent source
of ignition.
One-man Top with quick-adjustable curtains
—storm proof.
Rain-vision, adjustable, ventilating windshield.
High grade speedometer.
The Maxwell Touring Car is a full five-passenger
car. Every Maxwell model seats comfortably the
number of passengers which it is rated to carry.

SUFFRAGIST HALTS WILSON

Interrupts Speech by Asking Why He
Opposes Movement.

Washington, July 5.—While Presi-
dent Wilson was delivering a dedica-
tory temple here, Miss Mabel Vernon,
a member of the New Woman's party,
created a stir by interrupting with a
loudly voiced demand to know why
the president had tried to block the
suffrage movement.

Dedication of the new home of the
American Federation of Labor with
President Wilson, members of the
cabinet, and prominent labor leaders
participating, featured the celebration
of Independence day here. The exer-
cises were preceded by a labor pa-
rade, with thousands of organized
workers in line.

LEMMON MAYOR RECALLED

Head of South Dakota City Defeated
by Thirteen Votes.

Lemmon, S. D., July 5.—At a retail
election Mayor B. R. Watt was de-
feated by Leo Gilman by thirteen
votes. The opposition to Watt, it is
said, arose from a dispute as to who
should manage the municipal saloon.

The Seven Sleepers.

The seven sleepers of Ephesus, a fa-
vorite subject in medieval art, were
seven Christians who to escape the per-
secution of Decius concealed them-
selves in a cave whose mouth was
closed by their enemies. The cave was
rediscovered 200 years afterward,
when the sleepers awoke youthful and
in perfect health.

BACKACHE IS DISCOURAGING

But Not so Bad if You Know How to
Reach the Cause

Nothing more discouraging than a
constant backache. Lame when you
awaken, pains pierce you when you
bend or lift. It's hard to work or to
rest. Backache often indicates bad
kidneys. Brainerd people recommend
Doan's Kidney Pills. Read this case:
Mrs. Caroline Sundberg, 1504 E.
Pine St., Brainerd, says: "I suffered
for several years from backache. I
was uncomfortable while I was doing
my work and often I couldn't sleep
well. I was distressed by dizzy spells
and after I stood for awhile, my feet
swelled. The doctor said I had kidney
trouble, but failed to help me.
Doan's Kidney Pills, procured at H.
P. Dunn's Drug Store, removed the
pains in my back and I felt stronger
and more able to do my work."
(Statement given August 31st, 1908.)

OVER FIVE YEARS LATER, Mrs.
Sundberg said: "The benefit Doan's
Kidney Pills gave me from backache
and other kidney trouble has been
permanent."
Price 50c. at all dealers. Don't
simply ask for a kidney remedy—get
Doan's Kidney Pills—the same that
Mrs. Sundberg has twice publicly
recommended. Foster-Milburn Co.,
